

UGH! CALOMEL MAKES YOU SICK!
CLEAN LIVER AND BOWELS MY WAY

Just once! Try "Dodson's Liver Tone" when Bilious, Constipated, Headachy--Don't lose a day's work.

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of

Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not silitate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

Before the stork arrives there is much to talk about. The comfort of the expectant mother is the chief topic. And there is sure to be someone who has used or knows of that splendid external help, "Mother's Friend." It is applied to the abdominal muscles, gently rubbed in and has a most pronounced effect as a lubricant. It soothes the network of nerves, enables the muscles to expand naturally, relieves strain on the ligaments and thus sets at ease any undue strain on the organs involved. And it does this with perfect safety. Expectant mothers thus go through the ordeal with comparative ease and comfort. Knowing mothers who have used "Mother's Friend" speak in glowing terms of the absence of morning sickness, absence of strain on the ligaments and a freedom from many other distresses.

You can get "Mother's Friend" at any drug store or they will gladly get it for you. Write today to Bradfield Regulator Co., 401 Lamar Bldg., Atlanta, Ga., for a highly instructive book of great value to all expectant mothers. It contains a valuable expectancy chart, rules on diet and is brimful of suggestions that all women will appreciate.

Assist Your
Stomach
To Get Rid of the Poisonous
Gases and Fermenting Food.

A good long fast will do this sometimes. A trip to the mountains. Tramping. Roughing it. Yes, very good remedies.

But are you going to avail yourself of either one of these remedies. No? Then the next best thing is to try a bottle of Peruna. Take it according to directions. You will have a natural appetite. All gas and fermentation in the stomach will disappear.

Read what Mrs. Emma Bell, Box 204, Fort Pierce, Florida, says: "I was taken suddenly with swelling of the stomach and bowels, and great distress. Very painful. Three doctors gave me no relief. Could not eat anything. Everything soured. I was starving to death. I began taking Peruna and was soon strong enough to do work. After taking five bottles I can truthfully say I am well. I gained twenty pounds."

CLEMENCY DENIED
TO FOUR NEGROES

Manning Refuses to Interfere in Chester Murder Case—To be Executed.

Columbia, Sept. 24.—Gov. Manning announced yesterday that he would not interfere with the judgment of the court in the cases of the State vs Meek Griffin, Tom Griffin, John Crosby and Nelson Brice, four negroes sentenced to be electrocuted for murder, from Chester county. The governor feels that the verdict of the jury in these cases should not be overruled. The board of pardons heard this case at its meeting on September 8 and unanimously recommended that there be no interference with the judgment of the court.

These negroes were sentenced to be electrocuted on September 3, but on August 13 the governor, on account of representations made to him that there would be presented to the board of pardons good reasons for commuting the sentences of the negroes to life imprisonment, granted a reprieve staying the execution until September 29 in order that the matter might be presented to the board of pardons at its meeting on September 8. This action of the governor means that the negroes will be electrocuted on next Wednesday.

JONES NEWS.

Jones, Sept. 27.—The friends of Mr. Wm. Henry Moore will be pleased to learn that he has sufficiently recovered from a recent illness to return home and look after his farming interests.

Mr. Odell McIninch has accepted a position with the Ware Shoals Company.

Mr. Jas. Simpson of Brewerton spent last week with his son, Charlie.

Hon. W. J. Gaines, Clyde Wise, Graham Payne and Sheppard Yeldell, of Greenwood, were recently in our midst.

Misses Isabel Beacham, Jennie Lou and Sarah Martin have returned to Lander; Jas. Gambrell to The Citadel and Frank P. Jones to the University.

Mrs. G. W. Jenkins and sons, Wm. and Walter, have returned to Columbia.

We are all thankful for the overwhelming prohibition victory, and it gives me great pleasure to state that the Jones box cast every vote for it.

All of our people were sorry to hear of the recent death of Mr. John Dunlap of Belton, but formerly of this place. We sympathize with the bereaved family.

We had the pleasure of attending the opening exercises of the University. Dr. Currell and his able faculty are doing great work for the young men of the state.

Mr. G. B. Riley has a large force of hands cleaning off the banks and removing the logs out of Mars Creek.

Mr. Robert Hughes has purchased a new Ford touring car.

Misses Lillian Jones is visiting her sister, Mrs. E. E. Martin of Strother, and from there will go to Timmons-ville to take charge of her school.

Mr. Wesley Algary raised a 11-lb. beet.

We are profoundly grateful to all of our friends for recent kind favors.

The "Greenwood Boosters" visited Ware Shoals last Thursday. Mr. W. T. Jones extended a cordial welcome to the distinguished visitors and introduced Mr. Brooks Marshall, who extended a most cordial invitation to the large crowd who had assembled to greet them, to come to Greenwood Fair on the 19th, 20th and 21st of October. We enjoyed their visit and will always be delighted to have them with us.

Grants Change of Venue.

York, Sept. 22.—Information was received here today to the effect that the request made by counsel for the defense in the Isenhower case for a change of venue has been granted and that York has been chosen as the county where the trial will take place. The Fairfield grand jury has indicted Ernest Isenhower, Jesse Morrison and James Rawls for the murder of Sheriff A. D. Hood, Raleigh Boulware and Jules Smith. It is understood that the cases will be heard here when the court of general sessions convenes on November 15 and that Judge Rice will preside.

FELT UNCLE WAS HORRID

Only Her Third Engagement in a Few Months and His Congratulations Hint at Fickleness.

A certain charming young thing of this town has an uncle of whom she has always been, and still is, very fond; but just at present she is convinced that he is as catty as any woman she's ever known.

She tells the story herself:

"Listen. You know I have always had an excessive affection for Uncle Dick, and have without exception told him everything—absolutely everything.

"Now, the fact that I have had so much trouble with—well, you know with whom—has never been a joke to me. Last year, when that affair with Tom was on, I wrote, of course, to Uncle Dick about it—Uncle was then in the West. Now, since he always liked Tom, he wrote me a beautiful letter, offering me all manner of felicitations and wishes for a bright and prosperous future. I treasured that letter from Uncle Dick.

"Now, it isn't necessary for me to refer to my disappointment in Tom—his behavior justified any action on my part. I know that people say I threw him over and all that sort of thing, but, honestly, there was only one thing to do, and of course I did it.

"Well, I suppose it did seem a little startling to Uncle Dick, when a little over two months after the writing of his first letter, he received another from me, telling him of my engagement to Harry. But uncle was terribly nice about it. He approved of my course in the matter, even though he did prefer Tom to anybody else. And I couldn't complain of the letter uncle sent me in reply to the second. It was just as nice as his first, although he did give a hint of surprise.

"It was afterward that Uncle Dick showed himself most objectionable. Two weeks ago, when I found that, after all was said and done, it was really Clarence that I loved, I got a third letter from Uncle Dick—the brute! After acknowledging the receipt of my announcement he went on to say:

"Permit me, my dear, to congratulate you on your approaching marriage to—"

"Then he inserted one of those star signs (what do you call 'em—asterisks?) and added in a footnote: 'Here insert the name of the happy man!'"

New Fishing Grounds Found.

During the summer of 1914 the department of commerce, through the bureau of fisheries, conducted an exploration of certain fishery grounds off the coast of Oregon and Washington to determine, particularly, if halibut were present in sufficient quantities to support a fishery. The fishery steamer Albatross was used for this survey.

A halibut ground was found off Newport, Ore., covering an area of approximately 250 square miles. As an immediate result of the Albatross findings, fishermen made 21 trips to the ground, taking about 850,000 pounds of halibut, valued at about \$24,000. Trips yielding 40,000 pounds were made in four days or less. Irrespective of the abundance of fish, weather conditions and the lack of harbors will inhibit fishing excepting from April to October.

Several smaller areas off Grays harbor and Coos bay may be expected to produce halibut in limited numbers, and the entire coast of Oregon was found to abound in flounders, soles, rock cod and black cod—a valuable food supply when market conditions warrant its exploitation.

Advice to Housewives.

Assistant Secretary of Agriculture Vrooman says that the American housewife could materially reduce the cost of living if she were to get the flour-mixing habit.

"There are some thirty substitutes that can be mixed with wheat flour in making bread," he says. "Many of these are more nutritious than wheat flour; some of them are cheaper than wheat flour, and of these two or three at least are commercially obtainable almost anywhere.

"Potatoes, corn flour, and rice can be used with profit in mixture with wheat flour in making yeast bread. With wheat flour as dear as it is now, the careful housewife stands to effect quite a saving by using one of these products to eke out her wheat flour. Experiments have shown that the substitutes can be used successfully in the proportion of one part to three parts of wheat flour. At least three-fourths of the mixture must be good wheat flour."

Repeated Like Machine Gun.

The attention of the committee of seventy is invited to the device employed in Santo Domingo to prevent repeating; the voters' hands are marked with indelible ink. It is reported that some of the voters have found it possible to erase the marks, but it is not known whether they have done this in order to repeat. At any rate, the practice of marking a man opens up considerable possibilities in the way of the purification of elections. For example, in one of our cities recently a one-legged negro was found to have voted six times. He went to the polls once with an artificial leg, once with a "peg" leg, and once with nothing but his natural leg and a pair of crutches. By putting a bandage over one eye and then over the other, and on one occasion sticking some whiskers on his face, he managed to repeat like a machine gun.—Philadelphia Record
